**NEW BUSINESS:**

**Ordinance 25-06 2025 Budget Amendment-**

Hammer stated the budget amendment includes:

Transferring money from American Rescue Plan Act (ARPA), these were previously designated for pool renovations.

Hotel Motel Fund as the council agreed to spend down the reserves from this fund allowing the city to support more tourism related activities.

Street Fund to reflect unexpected revenues and expenditures related to finishing the Morton/Sumner TIB project.

A motion was entered by Golden, seconded by Guenthner to approve Ordinance 25-06 2025 Budget Amendment. Roll Call: All Yes.

**Resolution 25-24 – Interfund Loan- General Fund to Park Fund-**

Hammer stated this loan is necessary to complete the pool project, as the total costs exceeded the available balance in the park fund as well as the funds provided by the RCO Grant (\$350,000) and the Department of Commerce Grant (1,000,000).

Golden acknowledged this was expected and noted that there had been hope for more donations to supplement the grants received.

Golden requested that the Park Board be included in the budgeting process moving forward, the board had not been involved for the last few years. Any matters affecting the parks and park budget should be presented to the Park Board before going to the Council. Golden added that the go ahead was given to the mayor and the city with the understanding that this funding situation could happen.

Park Board Chair Al Vorderbrueggen expressed full support of the pool project, calling it a life changer for the community. Vorderbrueggen also noted park board meetings have been ill attended and suggested maybe making a point to meet at least quarterly. The parks will need to cut back on capital expenditures for a few years but this pool project was a priority.

Retzer apologized for the lack of communication and stated we did have intent to get the park board together but with members and city schedules it just didn't happen.
